HYBRID WORK DYNAMICS!

As leadership throughout the country navigates return to office strategies, it continues to be a balancing act between maximizing productivity and employee preferences... as only DILBERT so cheekily characterizes...

TECH TRENDS

BUSY OR AVAILABLE?

Work environments need to adapt to new work habits as the return to office is implemented. Technology is a key component. With employees working in different locations and Zoom here to stay, here's one trend we're seeing...

Busy Light is an easy visual indicator that shows if a colleague is available or on a call.
